(b) (6) e, my name is Katrina Higgins-Coltrain and I am the Environmental Protection Agency project manager for the Wilcox Superfund Site. I have been working with Todd Downham of the Oklahoma Department of Environmental Quality over the last month to get a better understanding of the site as well as the concerns of the community.

I wanted to follow-up with you about the potential sampling of your property. Todd Downham and I met with your brother, Roy, on March 25, 2015, to talk about the Wilcox Oil Company Superfund Site and tour the property. I am wondering if you have any additional questions or concerns related to the consent for access that we left with him. He indicated that he would discuss the access request with you and let us know if you are interested in the sampling. Please do not hesitate to call me or Todd if you have questions.

Attached for your information is some site literature that describes the site and also describes the Superfund Process. I have also attached some health fact sheets (ATSDRToxFAQs) on the contaminants we know to be present at the site.

Please do not hesitate to call me at 21-665-8143 or 1-800-533-3508, or call Todd Downham, ODEQ, at 405-702-5136, should you have questions or concerns about the site or your property.

Thank you for your time and continued interest in the site. I look forward to talking with you.
